## Cen-Tex Spotlight

### Parade To Boost Trailride Start

A trailriders parade October 3 will kick off the third annual Heart 'O Texas trailride in Cameron. Charles McDermott, president of the Cameron Saddle Club, said that invitations from the Saddle Club and Cameron Chamber of Commerce have been sent out to dozens of Saddle Clubs in Central Texas.

Chamber Manager Richard Moseley said that both Yoe High School and O. J. Thomas bands will march in the parade of saddle clubs, trailride entries, new cars and covered wagons.

The parade is scheduled to begin 5 p.m. Saturday, October 3, in downtown Cameron, following the usual route of city parades through the downtown area.

Invitations to other high school bands have been sent to Rosebud, Lott, Rogers and Rockdale, Moseley said.

About 200 trailriders are expected for the three-day ride from Cameron to Waco and the Heart 'O Texas Fair parade scheduled October 6, opening day of the fair.

Campsite for the group in Cameron the night of October 3 will be Wilson-Ledbetter Park.

McDermott said the annual trailride will take horsemen to Lott the first night out, then from Lott to Jess Radle's farm on the Brazos River, south of Waco. And the third morning the group will arrive in Waco.

Radle is trail boss. He said that Gatesville, Meridian and Hills-

boro had been considered as starting points for the event, but the committee again chose Cameron. Radle told Cameron Saddle Club officials that "Cameron folks have been wonderful hosts and the plan for spending the first night in Lott also works out well."

### Safety Tags Now Available To Motorists

AUSTIN — The Texas Department of Public Safety has announced the new 1960 motor vehicle inspection stickers are available to Texas motorists.

Col. Homer Garrison, Jr., Director, recommended that Texans have their vehicles inspected early in the new inspection period which extends from September 1 to April 15, 1960. Vehicles not displaying the new sticker after April 15 will be operating in violation of the law.

"In the vast majority of cases," Garrison said, "this program has become a very minor inconvenience and expense to the motor vehicle owner — provided he moves early to comply with the law."

"The more than 4,500 authorized inspection stations over the State are capable of handling the inspection of Texas vehicles without delay if owners will not wait until just a few days before the deadline."

"With hard summer driving ending, fall is an excellent time to have vehicles safety checked in preparation for the winter months."

Garrison called attention to the fact that since the beginning of the inspection program vehicles having a defect that was a causative factor in fatal accidents decreased from 11 per cent to four per cent.

He said 43.4 per cent of the cars inspected during the last inspection period needed some adjustment or repair and that the average cost for inspection, including \$1.00 fee, was only \$2.02 per car.

### E. J. Kuzel Attends Lubbock Field Day

E. J. Kuzel of Cameron has just returned from a big DeKalb sorghum field day at Lubbock.

Attendance at this large affair numbered some 500 persons. Those invited included feed dealers and representatives of the press.

The high point of interest of the program was the tour around the DeKalb sorghum fields where all of the DeKalb grain and forage sorghum varieties were on display. Modern methods of drying, storing, bagging and treating seed were also explained.

## Austin Speaker To Address P-TA

A. H. Hooser, a staff member of the Texas State Teachers Association, Austin, will speak at a meeting of the Cameron Parent-Teachers Association, Thursday, October 1.

His subject will be "The Road Ahead for Texas Public Schools." He is the featured speaker at the regular monthly meeting of the Cameron P-TA at Ada Henderson School.

Before joining the TSTA staff, Hooser served 10 years as a classroom teacher, elementary principal and junior high principal in the Plainview public schools.

He is a graduate of Plainview and has an AA degree and BS degree from Wayland College and master's degree from Texas Tech.

Among other activities, Hooser is a member of the local, state and national professional organizations, a Mason, a member of Phi Delta Theta fraternity and a life member of the Texas Congress of Parents and Teachers.

He has been active in TSTA work and has served as local, district and state delegate, local unit president and as District IV membership chairman for five years.

This is one of nine regular Cameron P-TA meetings for the school year.

Cameron Goes To Mexia Friday!

## Cameron To Meet Mexia Black Cats

The Cameron Yoemen will meet opponent No. 4 in Mexia on the Black Cats Field Friday night.

The 8 p. m. kickoff will pitch the improving Yoemen against last week's victors over Groesbeck, 29-6.

Coach Jim Speer found a passing combination in the Brenham-Cameron second half when Carroll Fikes hit Bobby Griswold three times with passes.

Griswold or Ronald Brashear will start at left end. Speer moved Ernest Bayer to right end to strengthen Cameron's developing passing offense. Shumate will replace the injured Griffin Barrett, who will be out with a bad knee.

Also on the injured list is defensive halfback Douglas Parker, who suffered an injured knee against Brenham.

The backfield lineup will be: Fikes at left half, Ed Lierman at fullback. Chris Gay a triquarterback and sophomore Jimmy Woodum at quarterback.

Speer is expected to send his troops into a strong passing offense in a quest for Cameron's first victory. Scout reports indicate Monday that neither team rates a favorite's nod.

Mexia will field a light team that has nine returning lettermen. Biggest man on the squad is 220 pound tackle James Watson. But the backfield averages about 145 pounds.

Mexia's head coach is Don Stephens.

No 11-man starting lineup was available on the Mexia team.

Last year Cameron defeated Mexia 25-14 on the home field. Mexia's offense was built around the passing of Quarterback Ed New, who graduated.

### Dial Directory Goes Into Mail Friday, SWB Says

The new dial telephone directory will be mailed to Cameron telephone customers tomorrow according to C. L. Carson, manager for Southwestern Bell Telephone Company.

Some 3,300 copies of the directory have been printed for distribution to present and future Cameron telephone subscribers.

The new directory will contain the new "2-5" or Metropolitan telephone numbers. These numbers consist of two letters and five numerals, and will utilize for the first time a central office "name". The name to be used here after the dial conversion on October 4 is "OXford", Carson said.

The new directory will have a green cover this year and contains 16 pages of alphabetical listings and 24 pages of classified listings, Carson said.

Carson urged Cameron telephone users to continue using the old gray directory until 1:01 a. m. Sunday, October 4.

"Please continue to give your calls to the operator until that date," he said. "Then after the dial conversion, remember to dial two letters and five digits on all Cameron calls."

# Cotton Reaches 10,925-Bale Total

## Quarterbacks Add 50 Members In First Drive

Cameron Quarterbacks Monday night reported 50 new members added to the roster in the first week of the membership drive.

The group saw films of the Cameron-Brenham game and heard a scouting report from B-team coach Max Treadwell on the Mexia football team, Cameron's opponent at Mexia tomorrow night.

Treadwell said that Mexia fielded a fair ball club, but could be beaten by Cameron.

President Dr. S. H. Richardson read over a report of the YHS athletic fund with the 50 club members attending.

The group discussed building a stronger football program in Cameron and planned to check the possibilities of adding to the coaching staff in the junior high grades. C-team coach Harrison McLerran noted that he was coaching 50 boys in the seventh and eighth grades.

Cameron Quarterbacks are shooting for a 100-member organization, Richardson said. The membership drive is headed by Joe Humplik, club vice-president, assisted by committeemen Charlie Burke, Chester Simons, Jim Edwards, Vic Hannon, Albert Collins and Richardson.

Quarterback boosters invited all members to attend the club meeting Monday to see films of the Mexia-Cameron game and hear a scout report on Taylor, next week's Cameron opponent here.

## Thorndale Barbecue Set For Tuesday

The annual Thorndale Farm Bureau barbecue will start at 7 p.m. Tuesday and will feature Bob Lilley, Texas Farm Bureau legislative director, as speaker.

O. G. Tumlinson, MFB president, will also be on the program. He said no general county meeting will be held this month.

Tickets for the Thorndale barbecue are available at the Cameron office or at Thorndale. Firemen Hall the night of the meeting.

## Billy Peck Wins Honorary Award

Billy Peck, local manager of the Milam and 77 Drive-In Theatres won a \$25 honorary award for his participation in the John Rowley Week.

This week was the back to school promotion he put on the week before school started.

## City-Wide Fall Cleanup . . .

# Fire Week Program Starts

A combination Fire Prevention Week and Fall City-Wide Cleanup drive began in earnest this week with poster drawing contests in city schools.

Chamber and Cameron City officials noted the double-header community drive in joint plans, released today.

Chamber Manager Richard Moseley said that poster contests will bring cash awards and ribbons throughout Cameron public schools during Fire Prevention Week, October 4-10. Fire department and Chamber officials distributed fire prevention to public school students and kicked off the annual Fire Prevention poster contest.

Moseley said that \$15 in prizes will be given winning posters in Yoe High School, Ada Henderson and O. J. Thomas School and \$5 in prize money in Ben Milam School. Fire department personnel will pick top entries October 4, he said.

## Pedestrian Injured

# Man Faces Charge

A 27-year-old Cameron Negro faces arraignment in County Court tomorrow on charges of aggravated assault with a motor vehicle following a hit-and-run accident early Sunday morning.

Billy Jenkins, Cameron, made \$500 bond early this week after appearing before Justice of Peace B. G. Rice. Charges were bound over to County Court for hearing.

Police Chief Chester Simons said a car driven by Jenkins struck Ernest Lee Thompson, 27, also of Cameron, about 1:30 a.m. Sunday on Emancipation Street in West Cameron.

He said that Thompson was rushed to St. Edward's Hospital for treatment of a broken leg.

Simons said that Jenkins was picked up by officials from the County Sheriff's department at Griffin Chapel Community about 9 a.m. Sunday. He was located at the home of a passenger riding with him during the accident, Miss Dimple Ray Jones, of Griffin Chapel Community, the police chief continued.

Simons quoted Jenkins as saying that Jenkins had swerved to avoid hitting Robert Wilcox, a man walking with Thompson, and struck the unseen Thompson.

Jenkins was driving a 1950 Chevrolet.

In a second accident this week, a GMC pickup driven by John Houston, 40, Rt. 3, Cameron, overturned in the 1800 block of North Jackson about 9:45 p.m. Friday.

Simons said that Houston escaped injury. He said the vehicle apparently hit some loose gravel and overturned. Damage was estimated at \$250.

## Last Rites Held For Joe Hawk, 60

Funeral services were held at 3:30 p.m. Sunday for Joe Hawk, 60 who died at his home in the Clarkson Community.

The Rev. U. S. Luckey of Victoria and Rev. Rinford of Rosebud officiated. Burial was in the Clarkson Cemetery.

Survivors include his wife, Mrs. Joe Hawk, Clarkson; 5 sons, Johnnie Joe Hawk, Shepherd; Billy Hawk, Bryan; V. W. Hawk and Paul Hawk, Clarkson; and Jimmy Hawk, Buckholts. 3 brothers, Jim Hawk, Clarkson; Willie Hawk and Paul Hawk of Durant, Okla.; 5 sisters Mrs. Annie Dodd and

Mrs. Amos Doskocil of Clarkson; Mrs. Lanie Harod, Durant, Okla.; Miss Rosa Hawk, Ft. Worth; and Mrs. Herman McCarty, Carmichael, Calif.

Hawk was a member of the Rosebud SPJST Lodge and a member of the Milam County Farm Bureau.

Palbearers were Walter Kohring, Alfred Kohring, Emil Skupin, Hubert Skala, Vick Slovacek and Ed Baca.

Honorary palbearers were Carl Black, W. C. Wallace, W. A. Y. n. e. Weiser, Jerry Mikula, Bob Nelson and Grady Allen.

## Prospects Good For 20,000-Bale County Crop

Almost 11,000 bales of cotton had been ginned in Milam County through Tuesday night as production passed the halfway mark this fall.

Cameron Compress Manager P. W. Davis reported 10,925 bales upto presstime Wednesday. That compared with a report of 8,406 before the weekend.

Rains Tuesday slowed mid-week cotton picking and stripping but it appeared to agriculture observers that Milam County was heading for a 20,000 bale crop.

Davis said that Tuesday was one of the heaviest days of the season with 665 bales reported.

**Rains Slow Picking**  
Rains early last week also slowed cotton picking, but affected grade very little, according to County Agent J. D. Moore.

He noted that dry weather prior to the weekend accounted for the heavy upsurge of bales ginned.

Week by week tally after picking started this season has been: first 2,383; second, 5,471; third 8,406; and 10,925.

Moore compared the present season with same period last year when a 3½-inch rain fell September 19 in the Milam area discoloring cotton samples and causing a loss of upto \$20 per bale, not to mention harvest delay.

**Good Prospects**  
He attributed good early insect control and earlier planting dates for the improved 1959 crop. Earlier bolls were set, resulting in an earlier harvest he said.

In his weekend crop report, he estimated that the crop was more than 50 percent complete.

Total county output in 1958 was a record low 8,000 bales.

Cotton buyers have estimated that one-bale per acre cotton will not be too unusual this fall with high production showing on unirrigated land. A consensus suggests that a 20,000 bale crop is likely unless heavy overflows of the 1958 vintage occur.

The average county yield per acre has been about one-third bale per acre. Officials note that about 42,000 acres are in cotton cultivation.

## PROCLAMATION

WHEREAS thousands of Americans lose their lives each year from fires that could be prevented; and

WHEREAS great social and economic losses to our city result from the destruction of homes, business enterprises, industries and natural resources;

THEREFORE, I, Bassel Wilson Mayor of Cameron do hereby proclaim the week beginning October 4, 1959, as Fire Prevention Week.

I call upon all departments and agencies of the city government to participate actively in a campaign for improved fire safety. The Fire Department and the schools of our city can provide effective leadership in the activities of Fire Prevention Week, and I urge them to work with the Chamber of Commerce and other organizations for a successful program.

I earnestly request every citizen of the community to take part in relieving hazardous conditions and making our city a safer community in which to live and work.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the seal of Cameron to be affixed.

DONE in the City of Cameron, this 23rd day of September, nineteen hundred and fifty-nine.

Bassel Wilson Mayor

A. H. Hooser

Among the ports of call visited by MSTs ships are, Hawaii, Okinawa, the Philippines, Japan, Korea and the Middle East.

## Milam Teachers Plan First Fall Meeting At Cameron School

The first meeting of the Milam County unit of the Texas State Teachers Association will be in Cameron October 19 at the Cameron Public Schools.

Dr. Frank W. R. Hurbert, dean of the School of Arts and Sciences, Texas A & M College Station, will be the guest speaker. His topic will be "Maintaining Professional Standards."

The Milam County TSTA unit is being lead this year by the following officers:

President Leon Brady, Cameron; first vice-president, Mrs. Ida Jo Marshall, Rockdale; second vice-president, Gene Bayer, Buckholts; and secretary-treasurer, Mrs. Elizabeth Zelisko, Cameron.

Program committeemen include: Chairman Mrs. Ida Jo Marshall, Rockdale; members, Mrs. Edre Browder, Gause; Mrs. Ruby Arledge, Milam superintendent's office; Mrs. Sarah Bowling, Milam; and Mrs. Valam Fischer, Rockdale.

Brady said a slate of interesting programs is being planned for the year and urged all teachers of the county to attend.

INTRODUCING

Mr. and Mrs. N. E. Barron wish to announce the arrival of a daughter, Rebecca Jane, born September 4. She weighed 6 lbs. 15 ozs.

Grandparents are Mr. L. L. Walton of Temple and Mrs. Leona Felix of McAllen.

## Around Sharp

# PTA Elects New Officers Thursday

By Mrs. Florence Spiegel

The first meeting of the Sharp PTA of the school year was held Thursday night.

New officers are:

George Kasch, president; Mrs. L. L. Warley, vice-president; Mrs. George, Jr., secretary; Mrs. Howard Coffman, treasurer.

Plans were discussed for the annual PTA Halloween Carnival on Saturday, Oct. 24.

Plans will be completed at the Oct. 15 meeting.

Mrs. Howard Coffman will head the new membership drive.

Those attending college from this area are:

Mrs. D. C. Drummond, an education major and a senior in Mary Hardin-Baylor College; Robert Pope, a junior and David Pope sophomore, are attending the University of Texas; Charles Schwarz is a sophomore at the Sam Houston State College, Huntsville; Clyde Hargrove is a sophomore at the Junior Temple College; Carroll Modesette, Allen Lawrence and Barkley Garner are attending the Durham Business College, Austin; Marilyn Petty is a student at the Durham Business College, Victoria.

Mr. and Mrs. H. F. Lange and Sigel and Siegfried Wolle will spend Sunda with the Lawices

Wolle family in Heidenheimer.

Mrs. Paul Green and Children of Austin are here for a weekend visit with her mother, Mrs. Albert Rinn.

Mrs. W. S. Ross of Arlington spent several days this week with her niece and husband, the Ed Fowlers.

Mr. and Mrs. J. D. Pope are spending the weekend in Austin visiting their son and daughter-in-law, Mr. and Mrs. John Dewey Pope, Jr.

Mrs. Harry Karthover and Ken of Brenham are visiting her parents, Mr. and Mrs. Frank Gamble.

Mr. and Mrs. Gus Westermann of Temple recently visited with his sister and husband, Mr. and Mrs. Ernest Backhaus.

## Sharp 8th Grade Elects Officers

The officers elected by the Sharp eighth grade students are:

Royce Lawrence, president; Dan Davis, vice - president; Tommy Sample, secretary and treasurer, Dorothy Love, reporter.

## Legionnaires Plan November 11 Fete For Veteran's Day

Members of the Edwin Hardy American Legion Post have voted to hold a Veteran's Day ceremony and dinner November 11.

Officials said the City Hall, Cameron Chamber of Commerce and some business firms will remain closed from 11 a.m. to 3 p.m. that day to honor the observance.

A dinner will be served at noon.

A fire siren will sound the 11 a.m. start of memorial services at the Ben Milam Statue on the courthouse square. A wreath will be placed at the statue in memory of Milam County's war dead. Taps will be sounded and a firing squad will fire honor volleys.

Officers said that members of the Post will attend First Presbyterian Church services the Sunday prior to November 11. They will meet at 10:45 at the Cameron Hotel and go to the church in a group.

## Milanoan Completes Combat Training

CAMP PENDLETON, Calif. (PHN) — Marine Pvt. Alvin C. Peel, son of Mr. and Mrs. C. H. Peel of Milam, completed four weeks of individual combat training Sept. 8 at the Marine Corps Base, Camp Pendleton, Calif.

The course included the latest infantry tactics, first aid, demolitions, field fortifications and advanced schooling on weapons.

Trainees learn that all Marines are basically infantrymen, whether they serve as cooks, typists, truck drivers, or with aviation units.

## Spoiling Hay Can Cause Fire Hazard; Salt Decides Case

By Robert Hoermann  
Ass't County Agent

There is fire danger when moist hay spoils and produces heat. A simple, reliable test using only common salt will tell when hay is safe for storage.

Cut a small representative sample of hay to fit into a one quart waxed ice cream container, add one-half teaspoon of dry salt. Toss the rover and shake about two minutes for loose storage, five minutes for chopped or baled hay. Dry salt after the test indicates hay is safe for storage. Lumpy, damp salt resulting from this test

indicates the hay is too moist for storage.

The salt test is more reliable by far than the haymaker's "feel" of the hay.

To be safe for storage loose hay should have a moisture content below 25 per cent; chopped or baled hay must be below 20 per cent.

A recommended moisture test for wheat about to be harvested is similar. Obtain a small jar and flake salt without additives. Place a small amount of what in the jar. Pour salt on top of the wheat and shake the jar for about a minute. If the salt clings to the side of the jar, the wheat has a moisture content of more than 14 per cent and should not be combined until the moisture content is lower.

## Farm Census Due On National Scale

College Station - One of the biggest farmer-government cooperative undertakings of this decade will get underway in October and continue through November. It is the 17th nationwide census in which farmers and the United States government have participated during the past 120 years.

Information gained from this agricultural census will have a vital influence on future planning, says A. B. Wooten, extension economist. More than 30,000 census takers will visit farm families throughout the nation to get information in three general fields - farm resources, farm products sold in 1959 and selected farming activities for this year.

Two weeks before the census begins, questionnaires will be mailed to farmers by the Census Bureau. Farm operators should complete these forms and have them

ready for the census taker when he calls. Wooten points out that all information given by a farmer is confidential and figures for individual farms will not be revealed.

The big job gets underway on October 7 in far South Texas and a week later work will begin in 34 additional counties. On November 18 work will begin in all other counties of the State.

Farm records will be very important and Wooten suggests that farm families have their records available and as complete as possible when the census taker calls. By providing complete and accurate records, the time of the taker will be conserved and the Census Bureau will be able to process and publish their findings without delay, says Wooten.

### Oat Usage Grows

The use of oats for all purposes has greatly expanded in recent years, as shown by the official estimate for 1957 of 2,670,000 acres compared to an average of 1,740,000 acres from 1947-56.

## Cameron H. D. Club Elects Officers

The Cameron Home Demonstration Club met at 2 p. m. Tuesday, September 15 in the home of Mrs. B. D. Clark with Mrs. Frankie Ehler as co-hostess. Meeting was called to order by Mrs. Ehler, who presided in the absence of the president, Mrs. Joe Klasek, who is attending the State THDA Convention in Galveston. All members are invited to attend council meeting in Cameron September 28 at 2 p. m. Work reports are to be completed by October 6.

Officers were elected for the coming year: President-Mrs. Joe Klasek, Vice-president-Mrs. Frankie Ehler, Secretary-Treasurer-Mrs. T. F. Burnett and Council delegate Mrs. T. R. Allen.

### Smut Is Fungus

Loose smut is a fungus disease carried inside the wheat seed and is therefore difficult to control. But, according to R. J. Hodges, extension agronomist, a water-soak method of seed treatment has been developed and when properly used is effective in controlling the disease.

## Pearson Has All - Round Service

Earle Pearson Chevrolet specializes in a complete sales, service auto insurance and GMAC financing at his Chevrolet agency in Cameron.

Perhaps least known but always available is the excellent financing and insurance service available on new Chevrolet trucks and cars at Pearson's.

He offers GMAC financing at low interest rates and Motor Insurance Corp. insurance coverage.

"We provide insurance that allows you, the car owner, to pick the repairer of your car - no need to take time off from your job for estimates. Just tell your dealer

to have it fixed for you," Pearson emphasizes.

Backing up Pearson's years of auto know how in sales, service and financing is a well-trained staff of people interested in giving you the best in auto repair work, sales and parts service.

His sales staff includes Larry Hackbeil and Carroll McElwath who are well experienced in the automotive business. In the parts department is Joe Lee Heitman. And John Johnson serves as assistant parts manager and lube technician.

Office personnel include Mrs. Earle Pearson and Gloria Boyls.

Heading the service department is D. C. (Dick) Young, recently of Rogers. He is ably staffed with three top mechanics and Chevrolet specialists.

Lawrence Jetter provides air-conditioning know how and mechanical experience to assure Chevrolet drivers of first-rate service. W. E. Gilbert rates well in mechanical know how and Melvin Dörner, body repair expert, turns out finished auto body repair that compares with the best.

Oliver Baylock handles the lube and wash department.

## Cameron Auto Supply Features Name Brand Parts

Cameron Auto Supply Co., located at 101 E. Main Street south side of the Courthouse, are celebrating their fifteenth year in Cameron. They have built their business on service to their customers, handling only the best quality nationally known brand of replacement parts for all makes of automobiles, trucks and tractors. Such names as McQuay-Norris, Fram, Walker, Gates, AC, Champion, Hastings, Autolite, Blackhawk, Lockhead and the Genuine United Motors Lines including Deico-Remy, New Departure, Hyatt, Cameron Auto Supply believes in Carter, Rochester, Deico Batteries and other related lines that go to make up a complete stock of the best replacement parts available. In addition to the automotive lines carried they stock parts for Briggs & Stratton, Clinton, Lauson Power Products and Lawnboy small gasoline engines.

They urge owners of any of these small gasoline engines to get all necessary model and type numbers of their engines before asking for replacement parts as this information is very necessary to obtain the correct parts needed, fairness to all. They have no giveaways, special prices on shoddy merchandise, only quality and service that they expect themselves are good enough for their customers. Old customers and friends are always welcome, new ones are invited to visit us for their requirements to keep their automotive equipment rolling.

# Land Needs Boost With Fertilizers

By J. D. Moore, County Agent

You wouldn't run your automobile until it is out of gas, says Dr. W. F. Bennett, extension soil chemist, so why keep cropping your land until the plant food runs out? To maintain profitable yields, he adds, additional fertilizer should be applied to cropland before the plant food gives out completely. To know exactly where your land stands in regard to the amount of plant food available, take soil samples and send them to the state soil testing laboratory at College Station for analysis. Soil samples should be sent to the lab several weeks before planting season so the lab will have sufficient time to test them.

Soil testing is a tool you can use on our farm to help determine the level of fertility in your soil and how much fertilizer you need to add for most profitable production. The necessary forms to be filled out combined with instructions for taking soil samples are available at the county extension office.

## CUT FEED COSTS

Abundant green grazing during the winter months can reduce feed costs, but small grains are not always the answer. Farmers should try to determine the returns from winter pastures before deciding how much acreage they will plant. Often pastures of oats or small grain mixtures may be leased to livestock producers.

Whether or not profits are to be made can be determined by comparing the cost of establishing the grain pasture with the value of the product derived from it. C. H. Bates, extension farm management specialist gives some tips on making the decision.

First, determine the usual grazing period expected. If pastures can be leased for a monthly grazing charge per head, then a care-

ful estimate of carrying capacity will indicate your possible returns. Proper grazing management is essential for obtaining maximum growth. Plan to stock the pasture so that good vitality is maintained. In some Central Texas counties last year, farmers contracted to furnish grazing for about 15 cents per pound of gain made by the steers. Usual gains averaged about 1 1/2 pounds daily around Marlin. Where three acres would run one steer, and the oats were "grazed out" from Dec. 1 to June 1, returns of \$14 per acre were received. Bates says that if a farmer uses his own steers on his oats pasture, rather than lease out the grazing, the gain would return about \$22 per acre if valued at 24 cents per pound.

Another way to estimate the value of oats pasture is to figure the value of air dry forage produced. In the Central Blacklands, research indicates that about 1 1/2 tons per acre may be obtained from oats on upland. Bottomland yields are about one-third higher.

The steers normally utilize about 65 per cent of the forage produced which means a loss of around one-half ton from trampling and waste. With one ton being effectively used, the value of hay saved by grazing can be determined. Succulent oats are high in protein so the forage compares well with alfalfa. The usual winter-time price of alfalfa runs about \$35 per ton depending on locality.

## Marak 4-H Elects

### Miss Vansa Prexy

Margaret Vansa was elected president of Marak 4-H for the coming year.

Other officers elected were Frances Dohnalik, vice-president; Barbara Tomek, secretary-treasurer; Margie Vansa, reporter; Rose Mary Tomek, song leader; and Peggy Slovak Council delegate.

Miss Frances K. Hambree is Home Demonstration Agent for Milam County.

### Can Cattle Be Profitable?

Can profits be made from livestock feeding this fall and winter? C. H. Bates, extension farm management specialist, says it's a hard question to answer because of the difference in price for various classes to livestock and the variation in costs involved in producing a pound of gain.

## Cameron Livestock Report

### Thursday Sale

A heavy run of 827 cattle and a record 238 hogs were consigned at Cameron Livestock Auction Thursday.

Good stock cows and calves were in strong demand while quality stocker cattle all sold from steady to strong prices compared to the previous week.

## Marak 4-H Club

### Elects Officers

The Marak 4-H Club elected officers in a meeting last week at Marak School.

New officers are: Ronald Kostroun, president; Frank Mikula, vice-president; Frank Klecka, secretary-treasurer; Billy Vansa, reporter; Bobby Klecka, song leader; and Bennie Kostroun, col. del.

Ass't County Agent Robert Hoermann discussed 4-H activities for the coming year.

# Beef Heads For Vertical Control

College Station - Vertical integration can offer Texas cattlemen several opportunities. They include increasing the output of beef as a result of further efficiencies in production and marketing; assurance of more price stability; receiving proper payment for quality production; and sharing in profits from feeding, processing and distributing livestock and meat.

Vertical integration also raises several problems. Among these are the possibility of scheduling accurately and meeting buyers' specifications; the bargaining power of the individual cattlemen under such a system; the value of decision making freedom and costs of service furnished by integrators.

To show the extent of vertical integration in beef cattle, Tom E. Prater, extension farm management specialist and Jarvis E. Miller, assistant professor, Texas Agricultural Experiment Station, have written a leaflet entitled, "Vertical Integration in Texas Agriculture—Beef Cattle."

Although some form of vertical integration has existed in the Texas beef cattle industry for many years

it has not become widespread. The earliest form of stockraising was vertically integrated, note the authors.

Producers slaughtered their livestock and distributed the meat in nearby towns. The impetus behind integration has come from three different phases of the industry—the beef producer, the meat packer and the retailer.

Meat retailing is now done by large firms engaged in mass merchandising. An estimated 30% of the retail grocery stores now handle more than 90 percent of the food sales, including meat. These firms are geared to a steady dependable flow of products of known quality. They require volume purchases on a specification basis. Many of these large-scale meat merchandisers now handle only one grade of beef. To sell to these firms, meat packers must meet their specifications concerning quality and delivery schedule, as well as price.

### Turkey Plentiful

Are you interested in a high protein, low calorie meat that will really help stretch your food budget? Turkey meat will do just that, and at the same time, points out Marshall Miller, extension poultry marketing specialist, it's chock-full of B vitamins and important minerals.

If it's insurable, George Childress has the policy for it at low cost. Monthly premium payments avail.

Texas Power & Light Company  
Is Business-Managed, Investor-Owned

The modern wonders of electricity, with which you are so familiar, did not "just happen." Your electric service is the result of years of advance planning and efficient operation in a free economy.

Texas Power & Light Company is an investor-owned, tax-paying business company, chartered under Texas laws to engage in generating, distributing, and selling electrical energy and service. Its development and expansion through the years has been with funds invested in its stocks, bonds and other securities by thousands of private citizens, some of whom are your neighbors . . . and by institutions such as insurance companies whose policies protect families in practically every community of the nation.

Through efficient business management and your increased use of service, TP&L Company has been able to keep the cost of electricity low. For example, since 1936, although the cost of living has risen 108%, the average unit cost of TP&L residential electricity has gone down 43%.

TP&L pledges to continue supplying dependable, low-cost, electric service through efficient, business-managed operation.

# Brenham Drops Yoe With TD Parade, 50-6

## Griswold Hits Paydirt With Blocked Punt

The Brenham Cubs behind the broken field running of Jim Linnstaedter derailed Cameron Friday night, 50-6.

The Cubs with overall depth counted mainly on Linnstaedter's running and the passing of Bran Greenwade and Linnstaedter.

The scoring started early in the game with a 19-yard pass to Weldon Gaskamp from Linnstaedter following a 15 yard penalty against them. Frank Fox was stopped trying to run the ball over for the extra point.

It took a Yoeman lineman to come through with Cameron's first touchdown of the season. Late in the second quarter Bobby Griswold broke through the Cub line and blocked a punt on the 38. The ball rolled back toward Cameron paydirt where Griswold scrambled it up and dove across for 6

## Brenham B-Team Drops Bees, 31-6

The Cameron Yoeman B squad fell to Brenham's B team last week by a score of 31-6.

The Yoe were never ahead in the contest picking up their only touchdown in the second quarter on a 6-yard plunge by Amos Doskocil.

It was the Yoemen's first contest of the year for the B squad under the direction of new coach, Max Tredwell.

Doskocil teamed with quarterback Jackie Robinson to lead the Yoe in yard gainage.

Other standouts were Edmund Michalka, Chester Simons, and Bobby Jones.

The Cameron C squad under new coach Harrison McClellan lost a double header in seventh and eighth grade games to Rockdale last week in Rockdale.

On The Insurance Corner

points.

Brenham didn't tally again until the second quarter on a 13-yard run by John Sommer. The kick for extra points failed.

Linnstaedter avoided Cameron would-be tacklers again for a 21 yard scamper and a touchdown. He ran it over for the double.

Cameron then tallied on Griswold's blocked punt ending first half play.

The Yoe High and Brenham hands performed at halftime presenting the best performance seen this year.

Linnstaedter started the second half the same way he ended the first. He gathered 13 yards between tacklers for a touchdown.

Sommer ran the extra point over, making it 28-6.

Greenwade found a target in Gaskamp for a 20-yard pass and touchdown. The extra point was good putting Brenham out front, 36 to 6.

Another outstanding Cub runner, Tomas Murski, took off for 22 yards and touchdown just before the 3rd quarter ended. Greenwade took the ball over for the 2 extra points making the score 44-6.

The last quarter marked only a single touchdown score for Brenham on the 5. The attempt to run the ball over failed.

The Yoemen switched their line-up around in an attempt to put together a winning combination

Friday night. Jimmy Woodum started at quarterback and saw a good deal of action there along with Fikes. Ernest Bayer moved back to his former line position.

Carrol Fikes found a pass receiver in Bobby Griswold. Griswold hauled in 3 out of 4 good for 40 yards. The Yoe went 75 yards in the air.

## Outdoors In Texas:

# Fishing Becomes Expensive

By Vern Sanford

There was a time when all a fisherman needed in the way of tackle could be carried in one hand. He usually had a one piece rod, a conventional reel and a few assorted plugs in a tin box.

How times have changed! If you think it was bad on the piscatorial pocketbook last year, take a peek out of one eye at the things that are offered the fisherman for the coming year.

Right now they are holding tackle shows over the country. The big one has just closed at Chicago, and one almost as big right here in Texas.

There is no decrease in the amount of fishing tackle being offered. And there is a tremendous increase in the amount of other things being offered.

It was estimated at Chicago that tackle items alone would run into the thousands. In addition, there will be more clothing, deck chairs, life preservers and camping equipment than you ever dreamed of.

One tackle manufacturer has a come out with an aluminum folding camp cot that weighs just about half as much as the old wooden cot and is five times as strong. Plastic continue to prevail in most of the items. One firm has announced a complete line of soft plastic lures. It employed ichthyologists, artists and plastics engineers to produce lifelike insects, worms and eels.

One rod manufacturer is displaying 400 different models. Pity the poor salesman carrying around his line.

There'll be a new plastic tackle box on the market that floats and is shatter proof. It ranges from shirt pocket size to one large enough to hold all the plugs a man ever will need. Another plastic box maker is coming out with one that is impervious to salt water and corrosion.

## Japs Now In Market

And as would be expected, Japanese tackle manufacturers are in the swim with several copies of favorite American lures. Also rods and reels, with emphasis on the ultra-light ones. The Japs long have been the leading commercial fishermen in all waters.

The new 1960 reels of American manufacture will be mostly direct drive, with adjustable drag. Some will be free-spooling. Another new item will be a fiberglass tip on a rod handle of aluminum.

Already we've had a taste of the new types of lines to be offered. Monofilament, with plastic rods and light reels with nylon gears are responsible for some ultra-light tackle now being offered.

Yes, sir, the tackle with which you caught fish this year is fast becoming obsolete. Might as well get out the pocketbook. The epidemic will spread.

Tackle is not the only thing,

however. It's about time for the new models in outdoor motors and boats to hit the market. They will be bigger and better, have more power and be quieter.

More safety also is being built into boats.

Some boat owners still disregard safety features when they get out on the water. Manufacturers never will be able to build in enough safety features to take care of all the careless boatmen. But the manufacturers are doing their part.

## Better Clean House

Did you go fishing on the coast during the summer?

When you came in did you just give your rod and reel the bath tub treatment and let it stop there?

If you did, you'd better take another look. Chances are the ferules already have corroded and you can't separate the rod from the handle, or take it down.

Then take a look inside your tackle box. No doubt it was opened several times while the boat was in motion and a light salt spray covered everything.

Unless you thoroughly cleaned everything in your box, you'll have some rusty hooks on your lures, your pliers will be corroded and some of your stuff so badly shot it must be thrown away.

It's fun to fish salt water, yet there always is a chore necessary that doesn't follow fresh water fishing. Regardless of how much cleaning you do, there'll be some rust. And if you don't clean then you've surely lost some good equipment.

Also it's a good idea to spray

the inside of your tackle box with a silicon coating after you've washed everything in fresh water and dried it off.

In fact, keeping a tackle box clean is a very important job for every fisherman.

Usually, we come in from a trip so tired that we just shove our tackle box onto a shelf or leave it sitting in the back of the car. Chances are there is salt water spray in some of the compartments, and our lines or plugs are wet. They will last much longer if they are thoroughly dried.

And here's a word of warning! Don't set your box down in the driveway, turn the hose on it and then put it away. Water will get inside and by the time you are ready to use it again, things will be pretty well ruined.

Teach these precautions to your young fishermen.

It's getting good fishing weather again. Usually some of our best fishing in Texas comes in late September and early October. Big old bass come out of hiding and the little ones have grown larger.

Late summer rains wash down a lot of food off the land, and conditions in the fall are most favorable to excellent fishing. Don't lose your share of it.

## THREE ARTS TO MEET

The Three Arts Club will meet this afternoon at the home of Mrs. Hilliard Thomas for the first regular meeting this year. Mrs. Earle Pearson is president of the women's study group.

# Buckholts Blasts Turnersville, 46-13

The Buckholts Badgers 6-man football team plowed Turnersville under Thursday night, 46-13.

Carrol Glaser was the big man of the night. The Badger quarterback threw our touchdown passes. Two of them went to Thomas Tate and the other two went to Carrol Fuchs.

The Badger's started early on a 28 yard dash made by hard-running Bobby Molavets.

Turnersville bounced back with a 40 yard touchdown pass brought in by Earl Williams. Buckholts took the lead again on a Glaser to Tate pass good for 38 yards and a touchdown.

The second quarter marked two touchdown passes to Fuchs, one for a yard and another for 25 yards. Glaser drop kicked for two extra points. The score was 26-6 at the end of the first half.

Malovets started the second half rolling with his second touchdown

**LINNSTADTER ON THE MOVE** — Brenham's all state back Jim Linnstaedter is being hit by an unidentified Yoeman. Coming up to help are Ernest Bayer

(14) and Ronald Brashear (85). The action took place in the second quarter of the game. The Yoemen travel to Mexia this Friday for a game with the Black Cats. —Staffoto

## Yoe-Loaded Vikings Beat Blinn, 40-6

The Del Mar Vikings football team defeated Blinn College, 40-6 in a game Thursday at Brenham.

The Viking roster has four former Yoeman footballers this year. Bobby Elliott is at quarterback. Guy Dillon at center. Warren Rinn at halfback and George Zarosky at tackle.

Elliott, the starting quarterback, passed and ran the ball for quite a few fine gains in the game. Dillon, starting center, called the defensive plays and played a bang-up game. Rinn scored a touchdown with just seconds left in the half and then kicked the extra point. Zarosky, a former Yoe end, played a fine game at the tackle spot.

About 100 Cameron people drove to Brenham to see the game.

# View On Sports

By Robert Mann  
Herald Sports Editor

Last week the Yoemen under a different combination of players and positions tallied their first touchdown despite losing to one of the finer teams in Central Texas.

The play which was probably least anticipated of the night took place in the second quarter when junior Bobby Griswold charged through the line and blocked a punt on the 38 yard line.

The ball rolled back to the Cameron goal where Griswold covered it in the end zone for a touchdown.

Another change for this year's team was moving Ernest Bayer back to the tackle slot from fullback.

Sophomore Jimmy Woodum

saw a good deal of action at quarterback and did a reliable job.

## VOS

Talk has started about the need for a couple of new coaches for the football program.

The Cameron C team has 50 boys out and just a single coach. The B squad has the same problem where Max Tredwell has his hands full handling the oversized group.

Last week it was noticed that our opponents were manned 6 coaches strong while other teams in this area outnumber our own staff.

## Lone Star Gas Advises Check

Now is the time to have your gas heating equipment inspected and adjusted for winter use, C. M. Burke, Lone Star Gas Company manager, suggested today.

"By calling today to have your heating equipment serviced," he said, "you will avoid delay. Heating service companies and Lone Star always receive hundreds of calls for service the day that cold weather hits. And this usually results in considerable delay in filling individual orders."

All users of gas central heating systems, floor furnaces, wall heaters, unit heaters and other gas heating equipment should call their heating equipment company or Lone Star Gas Company for this service, He said.

# Baptists Elect New Officers

By Mrs. A. T. Swanzy

The Baptist Church of Ben Arnold elected new officers for the coming associational year. They are:

Church pianist, Mrs. Glenda Dusek; Choir director, Sonny Swanzy; church treasurer, Sonny Dorn; church clerk, Mrs. Ruby Swanzy; Sunday School superintendent, Mrs. Glenda Dusek; and assistant superintendent, Mrs. Maud Eickenhirst.

Adult teacher, Mrs. Kathleen Swanzy; Intermediate teacher, Sonny Swanzy; Junior teacher, Mrs. Ruby Swanzy; Beginners teacher, Mrs. Myrtle Dorn; Sunday School secretary, Patsy Talafuse; training union director, Mrs. Annie Dusek; training union secretary, Mike Rice; Intermediate leader, Mrs. Ruby Swanzy; Junior leader, Mrs. Glenda Dusek; Beginner leader, The Rev. Thomas Dusek.

A number of people from here attended funeral services for Mr. Joe Hauk of Clarkson at Marek and Burns Funeral Home on Sunday afternoon.

The Ben Arnold Community Club met last week but such a few attended that the meeting was postponed until Tuesday night, September 29, at 7:30 p.m. All members are urged to attend.

The youth fellowship of E & R Church of Ben Arnold have planned a hay ride for Wednesday

# Charlotte Pembroke Weds A. Blomberg

Mr. and Mrs. Truman A. Pembroke, Cameron, announce the marriage of their daughter, Charlotte, to Allen Blomberg, of the U. S. Navy, in Carson City, Nevada, August 15.

Mrs. Blomberg is a graduate of Yoe High School. She had studied nursing training at both Newton Memorial and St. Edwards hospital.

She enlisted in the U. S. Navy and is serving as a hospital corpsman.

Both the bride and groom are serving on the U. S. Navy Military Transport Ship, David C. Shanks, sailing from San Francisco, Calif.

NEW LIFESAVING AID

MOUTH-TO-MOUTH RESUSCITATION, OFFICIALLY ADOPTED BY LEADING SAFETY AUTHORITIES, IS IMPROVED WITH RESUSITUBE AIRWAY, MAKING RESCUE BREATHING EASIER, MORE EFFECTIVE.

THE S-SHAPED TUBE IS INSERTED OVER VICTIM'S TONGUE—THE LONG END FOR ADULTS, SHORT END FOR CHILDREN OVER 3. FOR CHILDREN, INVERT FLANGE TOWARDS SHORT END.

PINCH NOSE WITH YOUR THUMB, PRESS FLANGE OF AIRWAY FIRMLY OVER LIPS WITH INDEX FINGERS. HOLD VICTIM'S CHIN UP WITH OTHER FINGERS. NEVER PERMIT CHIN TO SAG.

INSTRUCTIONS ARE EASY. BLOW FORCEFULLY FOR ADULTS, GENTLY FOR CHILDREN. JUST PUFFS OF CHEEKS FOR BABIES 2 TUBES: 1 FOR INFANTS, CHILDREN UP TO 3, 1 FOR ADULTS.

RESUSITUBE IS NOW USED BY ARMED FORCES, CIVIL DEFENSE UNITS, POLICE & FIRE DEPTS, RESCUE SQUADS. LESS TIRING. GETS AIR TO VICTIM FASTER.

# In Buckholts: Methodist Church Hosts Conference

Buckholts Methodist was host church Sunday to the Buckholts charge for its first Quarterly conference meeting for this conference year with Friendship Methodist church members attending. Dr. Karl O. Bayer, Dist. Superintendent of Bryan District preached at the 11 a.m. worship hour. He also presided over the business meeting which followed.

Basket lunch was served at the noon hour to those attending. Out of town guests were Mrs. Bayer and Mr. and Mrs. C. B. Crouch of Bryan; Mr. and Mrs. M. E. Mitchell, Rogers and Horsten Hess, stationed at Fort Hood.

The Rev. S. O. Crouch, pastor of the Methodist Church is attending South Western University at Georgetown where he is a junior student. His guests have been his parents, Mr. and Mrs. C. B. Crouch of Bryan.

L. H. A. Fuchs returned home

# YHS Homemakers To Present Show

The Yoe High School homemaking department will hold a fashion demonstration 2:45 p.m. Tuesday at the clothing laboratory, according to Mrs. Imogene Whately, homemaking instructor.

The demonstration of "do-it-yourself" fashion ideas is planned for adults as a part of the YHS adult homemaking program. Mrs. Whately has invited interested persons to attend the program.

She points out that ideas such as covering shoes with fabric to match or accent a costume will be presented.

She formerly owned and operated her own business in Freepoint. She has three children and is a member of the First Baptist Church, Cameron.

Miss Schiller is a 1959 honor graduate of Yoe High School.

# Jameson-Clarke Vows Recited In Dallas

Miss Betty Joanne Jameson and Mr. James Willard Clarke were married Saturday morning at the Church of the Incarnation in Dallas.

The bride is the daughter of Mr. and Mrs. Arthur Mitchell Gay, Dallas, and grand-daughter of Mr. and Mrs. D. B. Gunn of Cameron. Her father was the late Rev. Odell Jameson. The groom is the son of Mr. and Mrs. H. L. Clarke, Corydon, Iowa.

The Rev. Donald G. Smith officiated at the double ring ceremony.

Given in marriage by her father, the bride wore a formal gown of candlelight pure silk satin with a cathedral train. The gown featured a fitted bodice and long sleeves.

A pearl coronet headpiece held her full-length veil of silk French illusion. She carried a white orchid surrounded by Stephanotis and English ivy on a white satin Bible.

The brides honor attendant was her sister, Mrs. Harry P. Wootan, Jr. of Rex, Georgia. Bridesmaids were Miss Karen Gay, sister of the bride, Mrs. Clyde Walker of Tia Juana, Zulia, Venezuela, and Miss Patricia Osteen of Atlanta, Ga.

Attendants were dressed identically in waltz-length gowns of aqua mist silk organza with matching picture hats. They carried crescent-shaped bouquets of white cornations entwined with English ivy.

Serving the groom as bestman was his brother, Lucien Clarke of Los Altos, California. Groomsman were: Robert Clarke of Roswell, New Mexico, brother of the groom, Mitchell Gay of Dallas, brother of the bride, and Max Rich of Dallas.

# Mrs. Manous Joins Staff At Herald

Mrs. Una B. Manous, Cameron, has joined the office staff of The Cameron Herald.

She joins Miss Beverly Schiller, teletypewriter editor, in recent Herald additions.

A graduate of Southwestern Business University, Houston, Mrs. Manous will handle office supplies and classified advertising.

She formerly owned and operated her own business in Freepoint. She has three children and is a member of the First Baptist Church, Cameron.

Miss Schiller is a 1959 honor graduate of Yoe High School.

Why two kinds of cars? Because America itself has been going through some big changes in the past few years. Our cities have been straining at their seams. Traffic is jam-packed. Parking space is at a premium.

And our suburbs have spread like wildfire. People are living farther from their work, driving more miles on crowded streets. There is new leisure time—but more things to do. There's a new standard of living—and more a need for two cars in the family garage.

In short, America's automobile needs have become so complex that no one kind of car can satisfy them completely. That is why we at Chevrolet, keeping tab on these trends, have had a revolutionary compact car in the planning stages for more than nine years.

Thus, when we decided three years ago to prepare for production of such a car we were ready to build it the way it should be built. There was no need for a hasty "crash" program that would create only a sawed-off version of a conventional car.

That is why the two cars you will see in your dealer's showroom October 2 will be two entirely different kinds of cars. One is the conventional '60 Chevrolet—brand new in beauty, with new space inside, new spirit under the hood, a new

# Yarrellton Has Number Of Visits During Past Week

By Linda Griffin

Mrs. Frank Barrett is visiting Mr. and Mrs. Curtis McGowan of League City.

Mr. and Mrs. Jim Donaldson and son David of Brownsville are visiting in the C. E. Russell home with the Al Parkers. Mrs. Donaldson is Mrs. Russell's niece and Mrs. Parkers sister.

Recent guests in the C. P. Leonard home were their grandson Alan Leonard, and Mr. and Mrs. Frank Games of Sharp.

Joe Hubica visited in the home of his niece Mr. and Mrs. Paul Hitecock of Killeen.

Mr. and Mrs. Bob Nabours and Louise of Canada were Saturday visitors in the home of his sister Mr. and Mrs. Kennard Griffin.

Sunday dinner guests in the home of Jessie Gibbs was Bro. and Mrs. Jerry Walker.

Ed Barrett was a Sunday visitor in the home of his mother, Mrs. Jennie Barrett.

# Why we built two cars for 1960... as different as night and day

On October 2—for the first time in Chevrolet's 49-year history—you will be able to walk into your dealer's showroom and see two totally different kinds of cars. ■ One is the conventional 1960 Chevrolet, brand new in appearance and more beautifully refined and luxurious than you can imagine. ■ The other is unlike any car we or anybody else ever built—the revolutionary Corvair, with the engine in the rear where it belongs in a compact car. ■ We'd like to tell you why we built two such different cars, how we built them—and for whom we built them.

Why two kinds of cars? Because America itself has been going through some big changes in the past few years. Our cities have been straining at their seams. Traffic is jam-packed. Parking space is at a premium.

And our suburbs have spread like wildfire. People are living farther from their work, driving more miles on crowded streets. There is new leisure time—but more things to do. There's a new standard of living—and more a need for two cars in the family garage.

In short, America's automobile needs have become so complex that no one kind of car can satisfy them completely. That is why we at Chevrolet, keeping tab on these trends, have had a revolutionary compact car in the planning stages for more than nine years.

Thus, when we decided three years ago to prepare for production of such a car we were ready to build it the way it should be built. There was no need for a hasty "crash" program that would create only a sawed-off version of a conventional car.

## More Streets Abuilding

We note with interest the continuing of paying in Cameron at various locations in the city and further requests by citizens delegations for more sewerline and paving plans.

It would seem that Cameronites are finding keen interest in paying their streets. One delegation last week was assured by the city that a sewerline extension would be made, clearing the way for more curbing and paving along 11th street.

With both 10th and 11th Sts. and North Jackson as proof that paving can be accomplished on a pay-out basis at reasonable cost to city and property owner, the City of Cameron is entering an era of street building that will go unparalleled in city history.

Other neighborhood groups can join together and get the paving that most parts of town can use. And sure enough, they will.

The 11th Street delegation is one of the many that will visit council sessions this coming fiscal year. That is almost certainty.

If there is one measure of Cameron's desire to grow, it is her interest in better streets and sewerline service.

That is the sign of interest that new economic life looks for, a desire to improve. If industry searches us out for possible location, they don't necessarily ask for a guided tour. Rather, they come in unannounced and talk to people and look over the town.

When industrial representatives see streets abuilding, store fronts improving, a community bustling about doing things . . . then they are interested.

The very fact that Cameron is going about its street-building program on a pay-as-you-go basis is of interest to prospective growth.

We are showing by example that Cameron has the stuff to grow with and she can solve her own problems. To industry, that is the sign of concerted effort on the part of free-wheeling community enterprise.

Industry likes that attribute. And that attribute will turn the street-building movement into good things unanticipated even by the optimistic.

## On Goes The Bombast

The American people are giving Nikita Khrushchev a conservative welcome. And the welcome has brought moments of extemporaneous ire from the Soviet prime minister.

Seemingly unimpressed by his bravado, American people have talked plainly and frankly with Mr. K.

He is finding that we are unlike the subjected, rubber-stamp satellites of the Red Sphere. He is being exposed to the open, American approach to political and social problems.

If he has learned anything of the strengths of this nation, he has learned that our people are not deceived by clouds of unmitigated propaganda, even though they are cast out from the United Nations General Assembly Hall itself.

We have to be shown, Mr. K., as they say about Missourians. And what we see in person or on TV coverage is bombast, vagueness and deviousness.

Khrushchev is adept at handling press conferences, but so adept that the working press finds it difficult to file anything but stories with reservation about his statements.

Perhaps it is more educational for us than for the Soviet dictator. We are seeing pure Communist frustration when he is faced with the necessity of justifying his position to a free people. No Red Army, no political coups are possible here.

And he is more firmly convinced, probably, that his promise to "bury" the American way of life is another excursion into oratorical buffoonery. It is well that he is so clearly focused in our minds and our TV sets.

## The Little River Philosopher

Sage Wants To Know Whose Hammer, Sickle Hit Moon

Dear editor:

I was outside the other night taking a close look at the moon and I'll have to admit it doesn't look any different now than it did before the Russians hit it. Still harmless and peaceful looking, sending down the sort of light that makes even a weedy pasture look lush and as well-tended as a country club golf course. Moonlight just naturally improves the looks of all pastures and most women.

about the Russian scientists' planting a hammer and sickle on the moon. I can imagine a conversation between two Russian farmers sitting on the front steps under a full moon after a hard day's work, going something like this: "Say, J. Asky, did you know Mr. Khrushchev has sent a hammer and sickle up to the moon?" "Whose hammer and sickle?" "What do you mean, whose?" "I guess it was his."

"Why didn't he use mine? I'd been glad to let him have mine."

"Yeah, but if they'd sent your hammer and sickle to the moon, how'd you work tomorrow?"

"That's what I'm talking about. I'd have been glad to let them have mine."

Yours faithfully,  
J. A.

## Capital Report:

## Texas Delegation Gets 'Suger' Boost

By Vern Sanford  
Texas Press Association

AUSTIN — In previous presidential nominating years, Texas Democrats have had their hands full with in the family fights.

Who would control the Texas delegation to the national convention was often a hotter question than how the entire national convention would go.

But this year the focus is wider. Many Texas Democrats hope and believe that Texas Sen. Lyndon Johnson will be not only a front runner but the winner of the party presidential nomination.

This makes Texas strength in proportion to other states and the number of states going "with" Texas a matter of greatest concern.

In this respect, Texas won a sugar-coated defeat at the National Executive Committee meeting. Rules were changed so that Texas now gets 61 delegate votes out of a total 1,511 instead of 56 out of a total of 1,372 under the old formula.

Five extra votes sounds good, but actual effect is to change Texas' share of the total from approximately 4.3 percent to 4.1 percent.

## GOP FIRES ROUND

Texas Republicans, too, are stirring themselves for the election year ahead.

Legislature committee of the G. O. aimed a sweeping broadside at the activities of this year's legislature. These are no Republican members in what the GOP called "the worst Legislature in Texas history."

It accused the Democratic monopoly session of spending \$3,000,000 for its salaries, staff and expenses and enacting a heavy load of so-called "painless" taxes. It also made some uncomplimentary remarks about action or inaction in regard to water law, election law,

criminal law, lobby law, etc. Texas Republicans will probably hear more calls to battle when GOP National Chairman Thurston B. Morton makes a seven-city swing through Texas in November.

His theme is to be "Recruit for '60."

## ON WITH THE SHOW

Texas' highway building program can keep moving ahead, said State Highway Engineer DeWitt Greer, since federal enactment of a one-cent hike in the gasoline tax promises more funds.

Greer said the expected funds would enable Texas to move at about 75 percent its present speed. "This will be most helpful," he said, "to keep us on an even keel."

Meanwhile, the Highway Department went about its mammoth business. Low bids totaling \$18,045,000 were tabulated by the Department on road and bridge building projects put up for bids this month.

## NO BONDS, NO BOATS

Highway Department has seaway as well as roadway problems. Current difficulty involves the state-operated ferry between Galveston Island and Bolivar Peninsula. Owners of submerged land crossed by the ferries obtained a court order requiring the ferry operators to have personal liability bonds against possible damage to the property.

Highway Department said that neither the state nor the ferriers were able to pay for the bonds.

It looks as if the ferries, which carry some 95,000 autos a month, would have to shut down. However the landowners bringing suit agree to a stay of enforcement on the court order until Sept. 28 to give time for something to be worked out.

## BIG YEAR FOR TEC

Texas Employment Commission paid out a record high \$68,956,333 in unemployment benefits in the fiscal year just ended.

But TEC also reported a record year finding jobs for the unemployed. It found work for 1,035,301 persons. More than 18 percent of the placements were persons over 45, and 26,437 were handicapped persons.

Texas' job placement total for the handicapped is the second largest figure for any state in the nation, and it has had above average success in placing older workers. Only 16 percent of the job-seekers were over 45, but 18 percent of those placed were in this bracket.

## President Urges Participation In U. S. United Fund

In a message released by the White House and broadcast on major television and radio networks, President Eisenhower last night, called the United Fund and Community Chest campaigns in 2100 communities "an enterprise which I believe is in the finest tradition of American generosity."

"There is a saying that he who gives is twice blessed," the President stated, "and this is certainly true of those who contribute to our United Community Campaigns. For the spiritual warmth and satisfaction of generous giving is matched by the fact that in helping our fellow Americans about us we are building better, safer, more decent neighborhoods and communities for ourselves and our children."

"I hope you will help the United Community Campaigns to set a new record of service to America this year."

President Eisenhower also pointed out that in addition to the health and welfare agencies serving children, youth and families, the blind, crippled and handicapped, many of the local appeals will include funds for the USO and for the new Medical Research Program of the National Fund for Medical Education.

The American Red Cross will join in the United Fund and Community Chest campaigns in more than a thousand communities.

## Recapturing the serenity of a time, long ago

Sometimes on a quiet street of a sequestered village, one can sense the tranquility of yesteryear's simple life and sturdy virtues. Today's pace is faster, its problems more complex, but the church, so esteemed by our forebears, can still contribute most importantly to our peace of mind. The church remains today as always, the keystone of happy, contented living.

Bag **\$1.49****SURPRISE PARTY...****SECOND BIG GAME OF "CROSS-OUT"!**Get a new Card each time you visit **SAFEWAY** continue to play All Cards.

Just follow these simple rules:

1. Pick up your Safeway "Cross-Out" Card today at your Safeway Store — and each time you stop there, after for the next 6 weeks.
2. Match the numbers of your card against the master numbers. Pencil an X over those numbers.
3. If you can "X-OUT" on your card, five numbers in a row, either down, across or diagonally, you have WON A PRIZE! Just turn over your card and you'll know what you have won.
4. IF YOU HAVE A WINNER — Fill out the required information on the back of the card and mail it to: Cross Out, Box 551, St. Louis, Missouri. You'll receive your prize in about 15 days.
5. IF YOU HAVEN'T A WINNER THIS WEEK — Erase the X's from your card and save it to play against Safeway's ads next week — and in the future, and each succeeding ad of the contest.
6. Save this "Cross-Out" ad and every "Cross-Out" ad for the next 6 weeks — a previous "Cross-Out" may have winning numbers for a new card.
7. Any one card and any one ad can be matched to claim a winner but numbers from more than one ad cannot be combined to form a winning card.
8. Cards will be given to adults only.
9. Complete rules and instructions on every "Cross-Out" card.

Crockett a little red female peke-  
nese dog with black nose. Miss-  
ing from my home since 15th of  
September. Belongs to Janis Sim-  
acek, call 1279W. 26-1tp

## Cards of Thanks

We wish to take this opportunity  
to thank our friends and neighbors  
for the many acts of kindness  
shown us at the death of our  
loved one. To those who sent mes-  
sages of condolence, food and  
flowers we will be forever grate-  
ful.  
The Family of Joe Hawk

## Sharp Youth Posts Varied Record

By Mrs. Florence Spiegel  
William Reed Davis placed first  
in the Waco Area District 4-H Club  
Record Book in Boys agriculture.  
His record book will be on display  
Nov. 13, the 4-H Achievement night.  
Reed, 11 year-old sixth grade  
student in the Sharp school, lives  
with his parents Mr. and Mrs.  
Nelson Davis and brother, Dan.

at their ranch home near Sharp.  
In both years of his 4-H club  
work, he has carried on pro-  
jects in all phases of club work.  
He served as club reporter last  
club year.

Reed entered the broiler contest,  
sponsored by the Cameron Cham-  
ber of Commerce, and raised 40  
broilers each year.

They weighed between three and

Page 10 CAMERON, TEXAS' HERALD, SEPT. 24, 1959

four pounds at the end of the  
ninth week. He won a blue rib-  
bon and a red ribbon.

Reed says, "The broilers are  
so large that mother fries only  
one for a family meal. Mother  
likes for Dan and me to raise  
fryers for the freezer."

This year he raised 18 White  
Leghorn hens, which started lay-  
ing at five months.

Other projects Dan and Reed  
have worked on are gardening,  
flowers and shrubs.

Reed's Sears Duroc gilt won sec-  
ond place in the County Sears  
Show last year and her litter of  
13 pigs placed second in the coun-

ty show and fourth in the district  
show, in heaviest litter contest.  
Reed cared for his gilt and pigs  
under the direction of the county  
agent.

The boys keep 40 ewes to keep  
the pasture clean and to make  
a profit on wool and sheep.

Their latest project is taming  
and feeding a registered Brahma  
bull calf, a gift of their father.

Reed was junior boys librarian,  
member of the State Readers Club,  
Cub Scout Delmer, vice president  
of his school class and active in  
church school and church work.

## Top Stars To Be Featured At Prison Rodeo

HUNTSVILLE (Sp.) — Inmate  
contestants, plus a host of the  
nation's topflight television and re-  
cording stars will be the bill of  
fare for the 28th annual Texas  
Prison Rodeo here in the prison's  
\$1,000,000 stadium each Sunday in  
October.

Big name stars such as James  
Arness, of the TV series, "Gun-  
smoke," along with Johnny Cash  
popular country-style singer, open  
the 1959 series on Oct. 4. Dale  
Robertson of "Tales of Wells  
Fargo," and Tommy Sands, sen-  
sational singing idol of the teenage  
crowd, appear on Oct. 11, while  
Steve McQueen of "Wanted—Dead  
or Alive," teams with Singer Joh-  
nny Horton of "The Battle of New  
Orleans" fame on October 18.

For the October 25 performance,  
prison rodeo officials say they will  
produce two additional nationally-  
known stars for the closing of the  
1959 series.

In addition, there will be other  
outside acts, rodeo clowns, inmate  
entertainment groups and mounted  
quadrilles from Pasadena and Bel-  
levue. The Houston Range Riders  
also will appear and for the first  
time the rodeo will feature a girl's  
barrel race event.

H. H. Coffield, Rockdale busi-  
nessman, who serves as chair-  
man of the Texas Board of Cor-  
rections and its rodeo committee,  
said, "We are doing everything  
possible to present the best enter-  
tainment feature found anywhere."  
"We are of the opinion that a  
well-rounded show will attract  
more people to this unusual rodeo  
which benefits around 12,000 in-  
mates of the Texas Department of  
Correction."

Coffield explained that net pro-  
ceeds from rodeo ticket sales are  
placed in the prisoners' welfare  
fund which is used to supply re-  
habilitative services not furnished  
by the Texas Legislature.

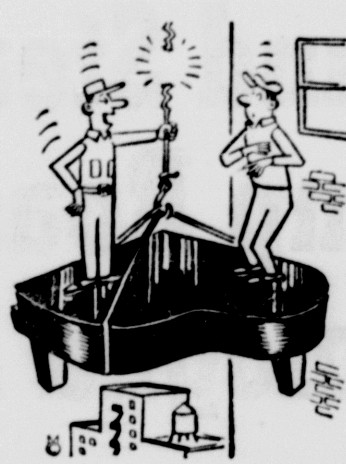

Reserved seat tickets at \$2.40  
and \$4.40 each, including tax, may  
be obtained by writing Rodeo Tic-  
ket Office, Huntsville, Texas, en-  
closing check or money order.

NMUF Report - - III

## Girl Scout Units Total 9 In Area

One of the agencies taking part in our United Fund drive is the Girl Scouts, of which there are nine troops in the North Milam County area. Two of these troops are in Buckholts with 31 girls as members and seven troops in Cameron with a membership totaling 55 girls.

To become a Girl Scout a young girl must be 7 years old and in the second grade, at which time she can join a Brownie troop. She continues through the Girl Scouts as an Immediate Scout and finally as a Senior Scout.

The Cameron and Buckholts troops belong to the Texas Colorado Lakes Council of Girl Scouts, Region 9, District 3. The District Director is Miss Marie Meyer who works from the Council Service Center in Austin, and assists the local adult leaders in the Girl Scouts program.

Located near Austin and on the Colorado River is Camp Tex-Lake, a camp owned and operated by the local council of Girl Scouts, and supported by contributions to the Girl Scouts through our United Fund.

The camp is opened for two months during the summer, at which time members of the Girl Scouts attend one or two weeks camping sessions where extensive training in Girl Scouting is given to those attending.

Each summer the local troops of Girl Scouts hold a Day Camp for one week. This past summer Mrs. Bill Burnes was camp director of the Day Camp which was located on Little River east of Cameron.

Also this past summer Mrs. Lester Williams of Cameron completed the leader's course as Day Camp Director at Mo-Ranch at Hunt, Texas. This course qualifies Mrs. Williams to direct Day Camps wherever there are Girl Scout Troops.

This year your Budget and Admissions committee of the North Milam County United Fund has allotted the Girl Scouts of America \$1,350.00. This amount is our part to maintain The Texas Colorado Lakes Council service center, Camp Tex-Lake, the District Director who is a professional scouter, and many other services

that have not been listed which are furnished by the Council's Service Center.

The Texas Colorado Lakes Council serves eighteen counties and as of June 30, 1959, 12 per cent of the girls of Scout ages of seven and seventeen in this area were registered Girl Scouts.

### Texas Wins Title Of US Bat Capital, Article Relates

AUSTIN — "In the limestone regions of Central Texas there lives a bat species known to mammalogists as *Tadarida brasiliensis*.

Their incredible numbers give Texas undisputed claim to the title of 'bat capital of the nation,' writes Grant H. Burton in the September issue of Texas Game and Fish, the monthly magazine of the Texas Game and Fish Commission.

Burton, State Department of Health, describes the small mammal as one having a dark grey coat of downy fur, commonly called the "Mexican Free-tailed" bat.

Across the border, in Mexico, live the vampire, or blood-lapping bats," he writes. From 1908-1920, the vampires caused an epidemic of rabies which began in southern Brazil and spread through Argentina, Uruguay, and Paraguay, wiping out whole herds of cattle.

The vampire's possible relationship to the insect and fruit eating bats of Texas, according to the author, is causing considerable worry. Texas' insect eating bat population runs into the uncountable millions, most of them living close together in massive colonies. When a single one of these bats gets infected with rabies, subsequently into other colonies and other species.

## Heres' Your Weather Forecast

### WEATHER FOR THE WEEK:

The seasonal procession of cool fronts have hit there stride and are now rolling across The Texas Plains with regularity. Strong resistance has been met by these front across East and Central Texas as high pressure from the Gulf of Mexico tries to retard their eastward progress to the Atlantic Coast. At forecast time a strong cool front is plunging out of the Lakes Whitney-Travis-Buchanan area after digging its way eastward through a mammoth region of high pressure which stretch its moisture from Chicago to Brownsville and from the Central Atlantic to San Angelo-Cameron-Georgetown and Waco. Unseasonal low temperatures are seen for this period but little precipitation.

### THURSDAY

Low morning clouds, high humidity and brisk southerly winds with heavy presunrise showers and thunderstorms. Gusty winds to 35-40 MPH in heavier showers with winds shifting by mid morning to Northwest 20-25 MPH with gusts to 35 MPH. High 82-84. Low 44-46.

### FRIDAY

Scattered low clouds dissipating rapidly with continued showers in the lower Brazos-San Gabriel Valleys but clearing skies in the local area. High 68-72. Low 40-44. North Winds 18-22 MPH diminishing after sundown.

### SATURDAY

Little temperature change, continued cool and dry with clear sunny skies and brisk day time winds. High 72-74. Low 46-48.

### SUNDAY

Increasing high clouds and continued cool with slow rises in humidity. Easterly winds 8-12 mph. Scattered showers south of Rockdale-Taylor and increasing middle level clouds at night. High 74-76. Low 48-52.

### MONDAY

Mostly cloudy and a little warmer with shifting winds and light showers south of the local area, in the morning, sunny and warm in the afternoon. High 78-80. Low 56-60. Southeast winds 10-12.

### TUESDAY

Heavy morning ground fog and low morning clouds lifting by noon with scattered afternoon cloud build-ups but mostly sunny. High 82-84. Low 58-60. Southeast winds 8-12mph with gusts

to 30 in the mid afternoon.

### WEDNESDAY

Continued warm and wind-y in the late morning preceeded by heavy fog and low clouds. Frequent afternoon showers and thunderstorms south of the local area with only rising humidity and light showers locally. Clearing after sundown. High 78-80. Low 56-58.

### THURSDAY

Scattered morning showers and heavy low clouds. Not quite so warm with heavy afternoon showers and strong southerly winds 20-25 mph shifting to southwest 20-25 by early evening and clearing thereafter. High 76-68. Low 56-58.
